## Curbside Recycling Collection Guidelines

Instead of putting glass, newspaper, beverage cans, plastic and steel food cans in the garbage, simply follow the preparation procedures provided and place those items in your recycling bin at the street. The bins will be sorted into a special recycling truck at the time of pickup.

## What Should Be Placed In Your Recycling Bin

### *Aluminum/Bi-metal beverage cans*

Please crush.

### *Steel food cans*

Rinse and remove all labels. If possible, remove the bottom and flatten the can by stepping on it. For safety reasons, do not put lids in your recycling bin.

### *Plastics #1 thru #7*

Remove cap and rings. Rinse and flatten. Labels need not be removed. This includes soda pop bottles, milk jugs, laundry products and water bottles.

### *Newspaper*

This includes newsprint, glossy coupons and brown paper bags, but does not include anything that has staples or a binding. Please bag or bundle papers for easier handling.

## What Should Not Be Placed In Your Recycling Bin

- Motor Oil
- Motor Oil containers
- Rubbish
- Plastic bags
- Window panes, light bulbs, ceramic or drinking glasses
- Grass, leaves or other yard waste
- Phone books, magazines, envelopes
